Frequently Asked Questions

Receiving Scholarship

How will I receive my funds?

Most colleges/universities will direct deposit remaining funds into student's banking account if you have set up that account with your institution. Otherwise it may be sent in the form of a paper check from your college. Please check your student email and student portal or contact the business office with any questions.

When will I receive my funds?

There is no set date for the award to post. The colleges/universities can post the award any time. Approved Fall 2020 payments will be sent to colleges between March 31-April 15. Approved Spring 2021 payments will be sent to colleges between August 31-September 15

Why do I have to wait until after the semester is over to receive my award?

We verify enrollment at the end of each semester to make sure that students remain enrolled full-time for the duration of the semester. Awards are then reviewed and approved by the City of San Antonio based on funding availability. This process takes time; we appreciate your patience.

What if I'm graduating this spring? Will I still get my scholarship?

If you maintained eligibility for the SAEP Scholarship during your Spring semester, your scholarship funds will still be released to your college and you should be able to receive a refund from your institution.

What if I do not need to be enrolled full-time to graduate my final semester?

You will need to submit an appeal to explain your planned enrollment. Please contact the Scholarship Coordinator for more information.
